Athletic Philosophy and Values

Colorado Springs School District 11 believes that a safe and dynamic athletic program is an integral part of the total educational process and is vital to the character and educational development of all student athletes. Colorado Springs School District 11 athletic programs provide a variety of experiences that aid in the development of favorable habits and attitudes in students that will prepare them for adult life, including physical development, coordination, a healthy self-concept, pride and good sportsmanship. Good sportsmanship practices have lifelong values. The athlete who acts fairly, who observes laws and customs, who treats others with consideration, and who takes adversity with dignity earns respect. Students in today's schools are tomorrow's community citizens, and as adults will demonstrate many of the attitudes they are now learning.

Colorado Springs School District 11 Interscholastic athletic programs are in compliance with the constitutions and bylaws of the Colorado High School Activities Association and affiliated leagues.

Colorado Springs School District 11 does not discriminate on the basis of race, color, national origin, sex, sexual orientation, age, religion, creed, marital status, or disability in admission or access to, or treatment or employment in, its programs and activities.

BOYS & GIRLS
